EDUCATION

B.Tech	2023-2027	NSUT	8.0 CGPA
CBSE (Class XII)	2023	Govt. Boys Sr. Sec. School	88.2%

ACADEMIC PROJECTS

Hex - AI Personality Chat Application • [Live](#)

(React, Node.js, Socket.IO, Google Gemini API, Clerk, MongoDB, Tailwind CSS)

Real-time AI chat platform with seven unique personas.

- Integrated Google Gemini API for intelligent, context-aware responses.
- Implemented Socket.IO streaming with chunked event delivery for a smooth conversational flow.
- Built secure JWT-based authentication with Clerk.
- Stored and retrieved persistent chat history in MongoDB.
- Designed a responsive UI with dynamic input resizing, streaming loaders, and long-press history deletion.
- Deployed backend to Render, optimizing concurrent request handling.

Shortly - URL Shortener Web App • [Live](#)

Full-stack web application to shorten URLs, manage history, and provide secure user dashboards.

- Built with Node.js, Express.js, and MongoDB. • Used EJS for server-side rendering.
- Implemented JWT authentication for secure, user-specific access.
- Designed a clean, minimal interface with embedded CSS & JS in EJS files.

Employee Management System • [Live](#)

Responsive web app to manage employee task assignments and tracking.

- Built with React.js, JavaScript, HTML, and CSS.
- Used localStorage for persistent state without a backend.
- Enabled real-time task updates and followed component-based architecture.

TECHNICAL SKILLS

- **Programming Languages** : Java (Intermediate), JavaScript (intermediate)
- **Web Development** : React.js, HTML5, CSS3, Node.js (Learning), Socket.IO, Express.js
- **Tools & Platforms** : Git, GitHub
- **CS Fundamentals** : Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS

EXTRA-CURRICULAR ACTIVITIES AND ACHIEVEMENTS

- Organized and conducted career guidance sessions for students of Classes X and XII in three schools as part of a community internship under the National Service Scheme (NSS), Netaji Subhas University of Technology (NSUT).
