EDUCATION

Course	College / University	Year	CGPA / %
B.Tech (ICE)	Netaji Subhas University of Technology	2027	7.91
CBSE (Class XII)	Govt. Boys Sr. Sec. School	2023	88.2

PROJECTS

- **Hex - AI Personality Chat Application** | [🔗](#) | [Live](#)
Real-time AI chat platform with seven unique personas.
 - Integrated Google Gemini API for intelligent, context-aware responses, used API streaming output to deliver seamless, low-latency conversational experiences.
 - Implemented WebSockets using Socket.IO streaming for real-time, lag-free message delivery.
 - Built secure JWT authentication with Clerk for safe user sessions and protected chat routes.
 - Used MongoDB for persistent chat storage, enabling retrieval of past conversations and sessions.
 - Designed a responsive UI with dynamic input resizing, loaders, and long-press chat deletion.
 - Deployed backend on Render, optimizing concurrency and ensuring stable, low-latency performance.
- **Employee Management System** | [🔗](#) | [Live](#)
 - Developed a responsive employee management app for task assignment and tracking using React.js.
 - Built dedicated admin and employee dashboards enhancing task management and progress tracking.
 - Used localStorage for persistent data handling and offline functionality without a backend.
 - Enabled real-time task updates with dynamic UI sync. between admin and employee interfaces.
- **Shortly – URL Shortener Web App** | [🔗](#) | [Live](#)
 - Developed a full-stack web app to shorten URLs, track history, and provide secure user dashboards.
 - Built with Node.js, Express.js, and MongoDB for efficient backend performance and data storage.
 - Utilized EJS for server-side rendering, creating responsive and interactive dynamic views.
 - Enhanced route security with JWT-based user authentication.

TECHNICAL SKILLS

Programming Languages: Java (Intermediate), JavaScript (Intermediate).

Web Development: React.js, Node.js, Express.js, Socket.IO, REST APIs, MongoDB, FastApi

Tools & Platforms: Git, GitHub, Render, Clerk.

Computer Science Fundamentals: DSA, OOP, DBMS.

EXTRA- CURRICULAR ACTIVITIES AND ACHIEVEMENTS

- Conducted career guidance sessions in three government schools for Classes 10 and 12, mentoring students on academic planning and career opportunities.
- Worked as a Home Tutor with HomeGuru Organization and as a teaching faculty in a local coaching institute for over 3 years, teaching Science and Mathematics to high school (CBSE) students.
- Successfully completed 80 hours of community internship under NSS, volunteering in events such as AIIMS Blood Donation Camp, Shaheed Diwas Poetry Competition, and other community development events.

POSITIONS OF RESPONSIBILITY

- **Member | DEBSOC** Sep 2023 - Aug 2024
 - Volunteered with the Debating Society (DebSoc) during college fest 'Moksha' for the event "Intergalactic Court of Justice", contributing to event design, participant outreach, and overall coordination.
